# Welcome TO Karnavati Stone Export

## About US.....

- We are Quality Marble Exports (India) and we offer products that promise quality, purity, and beauty. As a 100% export unit, we provide an extensive range of marble tiles and granite tiles that are breathtaking in their combinations of colors and patterns. We own fully mechanized quarries that manufacture premium quality products and export them to Saudi Arabia, USA, UK, Egypt, Vietnam, Qatar, Russia, Turkey, and many other countries. Whether it is tiles or slabs, you can expect the delivery of natural stones with the desired quality.
- As renowned marble suppliers and granite suppliers from India, we prioritize the delivery of unique and durable products. Our natural stones provide our clients with a competitive advantage and add value to their businesses or spaces. The extensive range of designs, ranging from classic to modern and antique to contemporary, offers our clients numerous choices to suit their preferences.

# WHY CHOOSE KARNAVATI STONE?

- Because you will never be out of qualitative options at Karnavati stone . Apart from procuring the highly demanding rocks from our factory , we bring a plethora of natural stones from and around the corner of the world. From classic evergreen to utmost modern, you will find all colours and designs available at our warehouse .

## OUR MISSION:

- Unmatched Quality
- Provide best rang quality
- Consistent Growth
- Trust of Addition

## OUR VISION:-

- We aim to be an unwavering source of suppliers in the industry of natural rocks and stones and be a global player in the international market through relationship building
